TANITA A UNIQUE HERITAGE

Founded in 1946, the TANITA Corporation's first significant stride forward was achieved when it became the first scale company in Japan to introduce modern Western manufacturing methods.

Dedication to research and technology led the company to produce many innovative products that have become everyday household items such as digital and solar powered bathroom scales.

The successful introduction of the world's first body composition scale in 1992 resulted in the company's dramatic international expansion and development into the healthcare market.

TANITA is now the worldwide leading brand in body fat monitor/scales and is determined to further establish new categories through research and innovation within the health, medical and fitness sectors.

WHAT'S NEW?

Tanita has developed exciting new products incorporating world exclusive features and sleek, modern design.

FitPLUS – EXCLUSIVELY FOR WOMEN

This new range of products is aimed specifically at women who want to improve their health and fitness. The simple to use FitPLUS traffic light system highlights the optimal days to exercise in order to burn almost double calories, likely ovulation days and the times when the body naturally needs more rest.

ULTRASLIM TECHNOLOGY

Tanita has achieved design perfection by developing the world's slimmest body composition monitors and ultra slim bathroom scales. Measuring just 15mm high, the new products look modern and sleek.

INTEGRATED BLUETOOTH

Consumers are demanding the latest technology every day household items. Bluetooth technology has now been integrated into the product range providing instant transferral of measurement data to a computer, allowing trend analysis and accurate data capture.

ECO LIVING

Tanita is developing an eco-friendly range of scales. The extra large solar panel allows accurate measurements to be taken in natural and artificial light. Made with biodegradable plastic and no batteries needed, these products are good for the environment too.

50 GRAM ACCURACY

Most electronic scales manufactured today have 100 gram to 200 gram accuracy. With precision engineering and quality manufacturing Tanita has developed the worlds first fully featured body composition monitor with 50 gram accuracy.

HOW DO TANITA BODY COMPOSITION MONITORS WORK?

BIO ELECTRICAL IMPEDANCE ANALYSIS (BIA) –

HOW IT WORKS:

- A low, safe signal is sent through the body via metal footpads on the scale platform.
- Based on the principle that muscle tissue contains high levels of water it acts as a conductor for the signal. Fat contains little water and acts as a resistor to the flow of the signal.
- This resistance or 'impedance' is set against gender / height / age and is used to calculate personalised body fat and composition readings.

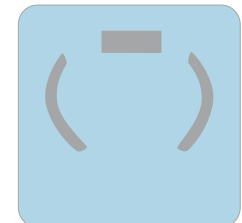

WHY TANITA MONITORS ARE PROVEN TO BE THE MOST ACCURATE

- **Size and number of the footplates** – four footplates are required to ensure maximum accuracy of body fat readings.
- **Quality of equations** – used to calculate personalised body fat / composition readings. The larger the sample size and techniques used for research the more accurate the equations will be. Tanita for example has used over 100,000 people world wide to ensure maximum accuracy of readings.
- **Weighing accuracy** – essential for consistent readings over time. This depends on the robustness of the weighing mechanism and platform.

DID YOU KNOW?

2 FOOTPLATE MONITORS USE MATHEMATICAL EQUATIONS TO CALCULATE READINGS, NOT BIA TECHNOLOGY

BRINGING YOU THE BEST

All Tanita body composition monitors use the latest Advanced BIA technology incorporating solid medical research and validation. This ensures the highest accuracy and consistency when taking readings.

ONLY FROM TANITA

Innovation is at the heart of Tanita bringing you cutting edge technology and exclusive features.

FitPLUS FEATURE – shows women the optimal days to exercise in order to burn almost double calories, ovulation window and days when the body naturally needs more rest.

VISCERAL FAT INDICATOR – shows the internal fat in the abdomen that is scientifically proven to increase the risk of diabetes and hypertension.

CHILDREN'S HEALTHY BODY FAT RANGES – based on the latest scientific research, parents with children (from the age of 5 years) can see if their body fat is within the healthy range.

METABOLIC AGE – The metabolic rate starts to decrease after the age of 17 years. This feature indicates what age level the user's body is currently rated at.

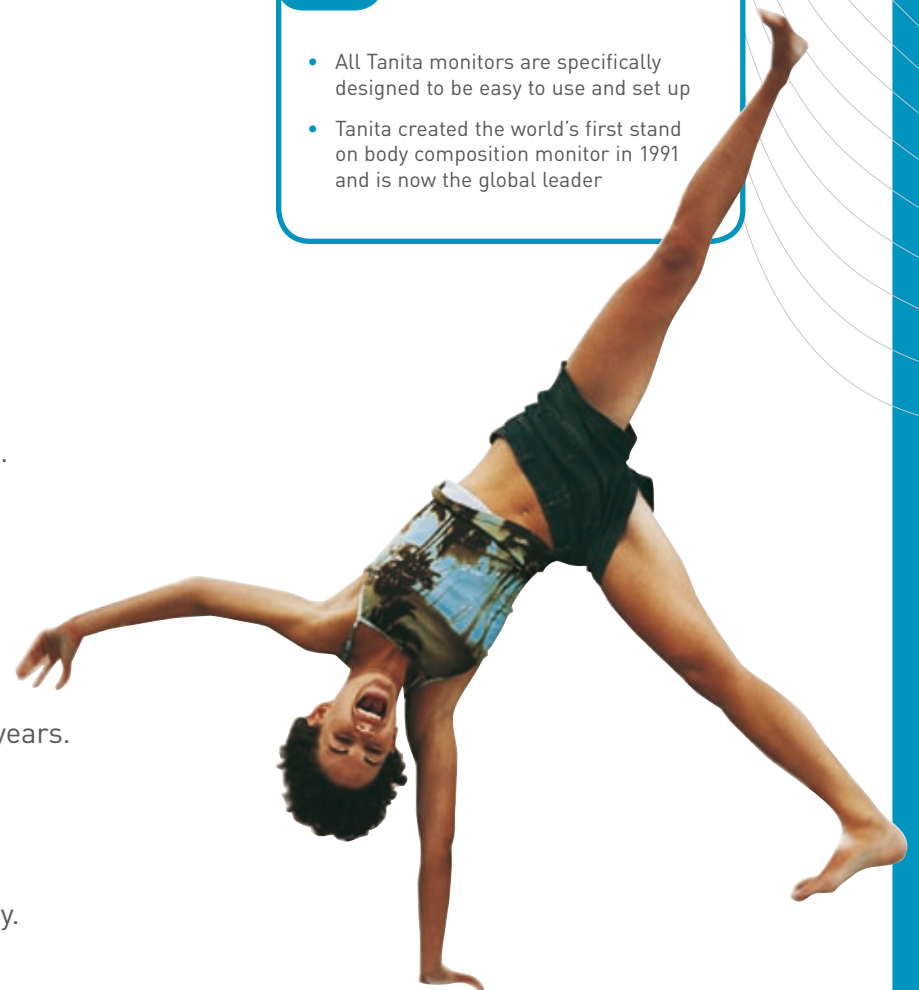

INVISIBLE FOOTPLATES – Tanita holds the patent for transparent electrodes allowing simple, clean design without compromising BIA accuracy.

i

DID YOU KNOW?

- All Tanita monitors are specifically designed to be easy to use and set up
- Tanita created the world's first stand on body composition monitor in 1991 and is now the global leader

BC 351 THE WORLD'S SLIMMEST BODY COMPOSITION MONITOR **NEW**

EXCLUSIVE FEATURES:

-  Children's Healthy Body Fat Ranges
-  Visceral Fat Indicator
-  Metabolic Age

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lb
- 50g graduation
- Display – 59mm LCD
- Memories – 4
- Batteries – Included
- Guarantee – 3 years

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Visceral Fat Rating
- Visceral Fat Indicator
- Bone Mineral Mass
- Basal Metabolic Rate
- Metabolic Age
- Muscle Mass
- Physique Rating
- Athlete & Guest Mode
- Recall Function

- SUPER SLIM 15MM HIGH PLATFORM
- ULTRA SLEEK MATT FINISH

BC 574 HIGH CAPACITY BODY COMPOSITION MONITOR 50G NEW

EXCLUSIVE FEATURES:

- Patented Transparent Electrodes
- Children's Healthy Body Fat Ranges
- Visceral Fat Indicator
- Metabolic Age

SPECIFICATIONS:

- Weight Capacity – 200kg / 31st 6lb
- Display – 40.5mm reverse LCD
- Memories – 5
- Batteries – Included
- Guarantee – 3 years

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Visceral Fat Rating
- Visceral Fat Indicator
- Bone Mineral Mass
- Daily Calorie Intake
- Metabolic Age
- Muscle Mass
- Physique Rating
- Athlete & Guest Mode
- Recall Function
- Auto recognition – just step on to take a reading

- MASSIVE 200KG WEIGHING CAPACITY
- 50 GRAM PRECISION WEIGHING ACCURACY

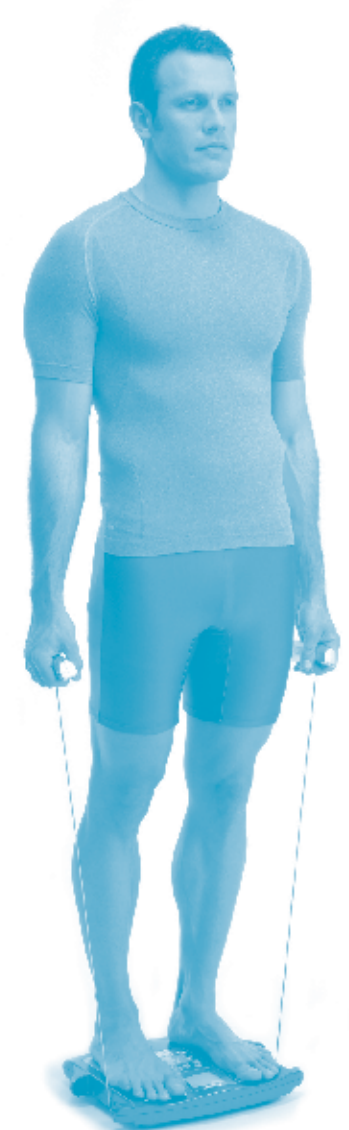

This totally unique product gives individual body composition readings for each body segment – arm, leg and trunk area. Designed for the dedicated sports and fitness person to assess the impact of any training routine on their total and segmental body composition. The retractable hand-grips allow full body composition to be taken quickly and with increased accuracy.

How the BC 545 works...

- The user stands on four footplates on the platform of the scale and pulls the hand electrodes that are conveniently housed in the base using retractable connecting cables.
- The monitor will then send a safe low signal from the 8 hand and footplate electrodes through the body.
- The resistance to the measurement is then fed into researched equations to provide accurate and personalised body composition readings.

Segmental Readings are given for each arm, leg and trunk area, including Fat mass and Muscle mass.

EXCLUSIVE FEATURES:

- Segmental Technology
- Children's Healthy Body Fat Range
- Visceral Fat Indicator
- Metabolic Age Indicator

SPECIFICATIONS:

- Weight Capacity -150kg / 23st 8lb
- Display - 32mm LCD
- Memories - 4
- Batteries - Included
- Guarantee - 3 Years

FEATURES:

- 8 Electrode Segmental
- BIA Technology
- 3 Year Graph Function
- Body Fat %
- Adult & Children's Healthy Range Indicator
- Total Body Water %
- Muscle Mass
- Physique Ratings
- Bone Mineral Mass
- Basal Metabolic Rate
- Metabolic Age
- Visceral Fat Indicator
- Athlete & Guest Mode
- Calendar & Clock
- Weight Only
- Recall Function

ADVANCED HAND TO FOOT TECHNOLOGY

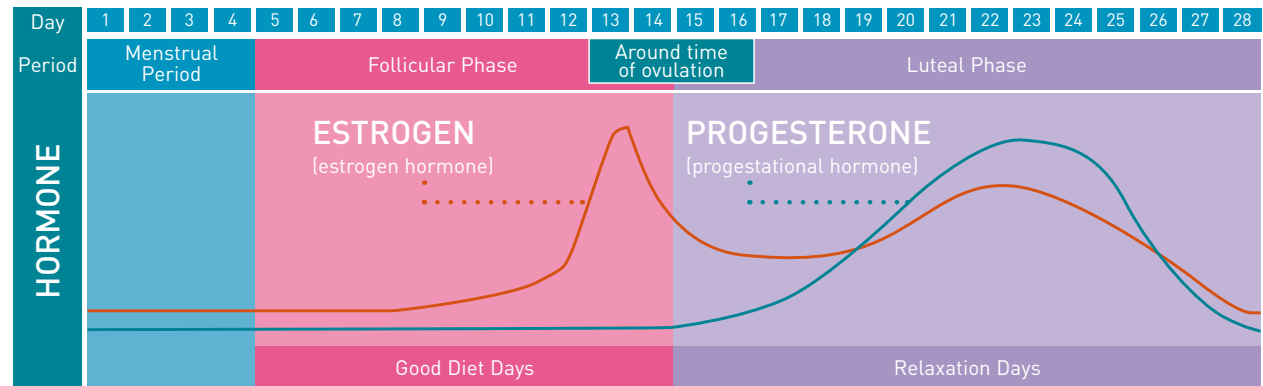

FitPLUS INTRODUCING A UNIQUE FEATURE FOR WOMEN

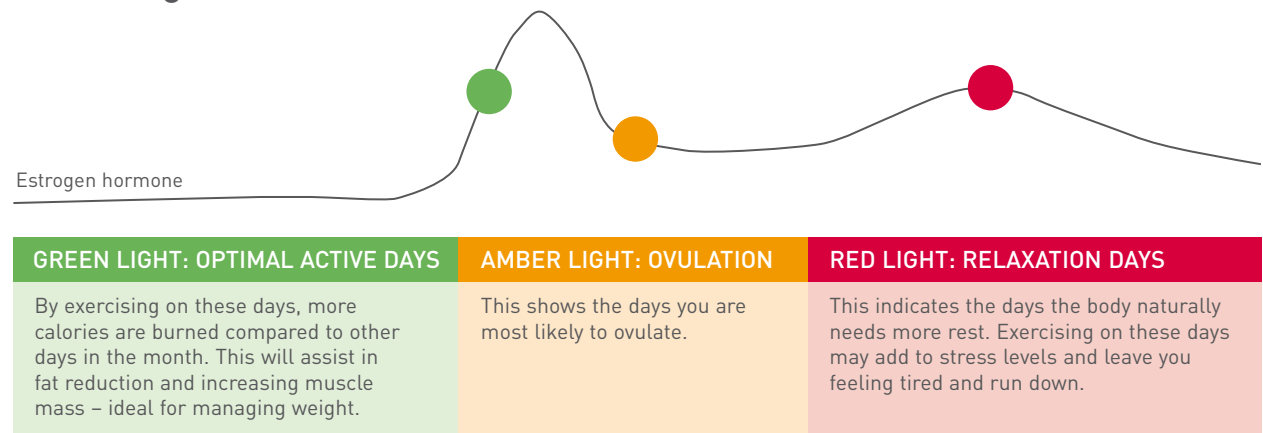

Based on scientific research, Tanita has developed FitPLUS, an additional and totally unique feature for their body composition monitors, designed specifically for women.

How FitPLUS works...

- FitPLUS monitors the natural metabolic changes throughout the month and correlates this with how the body responds to diet and exercise. Easy and quick to use, with a distinctive traffic light system, FitPLUS gives healthy prompts at the different phases of the menstrual cycle to maximise calorie burn and minimise fatigue.
- By harnessing and understanding the natural cycle, FitPLUS gives the active woman a personal diary on her body composition monitor to maximise and maintain her health including body fat, muscle mass, hydration, visceral fat rating and other features provided by Tanita's advanced BIA technology.

Traffic Light Indicator

BC 582 GLASS FITPLUS BODY COMPOSITION MONITOR **NEW**

EXCLUSIVE FEATURES:

-  FitPLUS Mode
-  Patented Transparent Electrodes
-  Children's Healthy Body Fat Range
-  Visceral Fat Indicator
-  Metabolic Age

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lbs
- Display – 39.5mm LCD
- Memories – 5
- Batteries Included
- Guarantee – 3 years

FitPLUS TRAFFIC LIGHT INDICATOR

Designed specifically for women who want to improve their health and fitness

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Visceral Fat Rating
- Visceral Fat Indicator
- Bone Mineral Mass'
- Metabolic Age
- Muscle Mass
- Physique Rating
- Athlete & Guest Mode

BC 581 CLASSIC FITPLUS BODY COMPOSITION MONITOR **NEW**

EXCLUSIVE FEATURES:

-  FitPLUS Mode
-  Children's Healthy Body Fat Range
-  Visceral Fat Indicator
-  Metabolic Age

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lbs
- Display – 39.5mm LCD
- Memories – 5
- Batteries Included
- Guarantee – 3 years

FitPLUS TRAFFIC LIGHT INDICATOR

Designed specifically for women who want to improve their health and fitness

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Visceral Fat Rating
- Visceral Fat Indicator
- Daily Calorie Intake
- Metabolic Age
- Muscle Mass
- 5 User Memory
- Athlete & Guest Mode

BC 590 BT BODY COMPOSITION MONITOR WITH BLUETOOTH®

NEW

EXCLUSIVE FEATURES:

- Bluetooth® Technology
- Patented Transparent Electrodes
- Children's Healthy Body Fat Range
- Visceral Fat Indicator
- Metabolic Age

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lb
- Display – 59mm LCD
- Memories – 4
- Batteries – Included
- Guarantee – 3 years

INTEGRATED BLUETOOTH®

Allows for instant measurement transferral

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Visceral Fat Rating
- Visceral Fat Indicator
- Bone Mineral Mass
- Basal Metabolic Rate
- Metabolic Age
- Muscle Mass
- Physique Rating
- Athlete & Guest Mode

BC 543 STYLISH GLASS BODY COMPOSITION MONITOR

EXCLUSIVE FEATURES:

- Patented Transparent Electrodes
- Children's Healthy Body Fat Range
- Visceral Fat Indicator
- Metabolic Age

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lb
- Display – 32 mm LCD
- Memories – 4
- Batteries – Included
- Guarantee – 3 Years

LARGE PLATFORM

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Visceral Fat Rating
- Visceral Fat Indicator
- Bone Mineral Mass
- Basal Metabolic Rate
- Metabolic Age
- Muscle Mass
- Physique Rating
- Athlete & Guest Mode
- Recall Function

BC 571 GLASS BODY COMPOSITION MONITOR WITH TOUCHSCREEN

EXCLUSIVE FEATURES:

- Patented Transparent Electrodes
- Children's Healthy Body Fat Range
- Visceral Fat Indicator

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lb
- Display – 28 mm LCD
- Memories – 4
- Batteries – Included
- Guarantee – 3 Years

EASY TO USE TOUCHSCREEN BUTTONS

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Muscle Mass
- Physique Rating
- Bone Mineral Mass
- Daily Calorie Intake
- Visceral Fat Indicator
- Athlete & Guest Mode
- Recall Function
- Weight Only

BC 570 ELEGANT GLASS BODY COMPOSITION MONITOR

EXCLUSIVE FEATURES:

- Patented Transparent Electrodes
- Children's Healthy Body Fat Range
- Visceral Fat Indicator

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lb
- Display – 32 mm LCD
- Memories – 4
- Batteries – Included
- Guarantee – 3 Years

UNIQUE DESIGN

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Muscle Mass
- Basal Metabolic Rate
- Visceral Fat Rating
- Athlete & Guest Mode
- Recall Function
- Weight Only

BC 575 DESIGNER GLASS BODY COMPOSITION MONITOR

EXCLUSIVE FEATURES:

- Patented Transparent Electrodes
- Children's Healthy Body Fat Range
- Visceral Fat Indicator

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lb
- Display – 28 mm LCD
- Memories – 8
- Batteries – Included
- Guarantee – 3 Years

EASY TO READ REVERSE LCD

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Muscle Mass
- Visceral Fat Indicator
- Athlete & Guest Mode
- Recall Function
- Weight Only

UM 076 CONTEMPORARY BODY COMPOSITION MONITOR

EXCLUSIVE FEATURES:

- Children's Healthy Body Fat Range

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lb
- Display – 27 mm LCD
- Memories – 8
- Batteries – Included
- Guarantee – 3 Years

EASY TO READ REVERSE LCD

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Recall Function
- Weight Only
- Muscle Mass
- Basal Metabolic Rate
- Visceral Fat Indicator
- Guest Mode

UM 075 MODERN GLASS BODY COMPOSITION MONITOR

EXCLUSIVE FEATURES:

- Children's Healthy Body Fat Range
- Visceral Fat Indicator

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lb
- Display – 28 mm LCD
- Memories – 4
- Batteries – Included
- Guarantee – 3 Years

LARGE PLATFORM

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Muscle Mass
- Visceral Fat Indicator
- Recall Function
- Athlete & Guest Mode
- Weight Only

UM 073 SMART BODY COMPOSITION MONITOR

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lb
- Display – 27 mm LCD
- Memories – 4
- Batteries – Included
- Guarantee – 3 Years

COMPACT DESIGN

FEATURES:

- Adult & Children's Healthy Range Indicator
- Advanced BIA technology
- Body Fat %
- Total Body Water %
- Muscle Mass
- Recall Function
- Athlete & Guest Mode
- Weight Only

BATHROOM SCALES

Stunning new designs and the latest technology have been used to create exciting new bathroom scales.

Using precision weighing mechanisms, all scales have guaranteed accuracy and reliability. Only the highest quality materials are used ensuring rust resistant and durable designs.

HS 302 ECO SOLAR ELECTRONIC SCALE **NEW**

SPECIFICATIONS:

- Solar powered scale works with natural and artificial light
- No batteries needed – ever!
- Weight Capacity – 150kg / 23st 8lb
- Display – 30mm LCD
- Guarantee – 3 years

- SCALE POWERED BY EXTRA LARGE SOLAR PANEL
- BIODEGRADABLE PLASTIC

DID YOU KNOW?

The HS 302 is first in the ECO Living range dedicated to developing eco-friendly products using biodegradable plastic and solar power technology.

HD 376 HIGH CAPACITY GLASS ELECTRONIC SCALE WITH BLUE BACKLIGHT **NEW**

SPECIFICATIONS:

- Weight Capacity – 200kg / 31st 6lb
- Toughened safety glass
- Display – 38mm LCD with blue backlight
- Tap on activation
- Lithium battery – Included
- Guarantee – 3 years

- HIGH WEIGHT CAPACITY 200KG
- EXTRA LARGE WEIGHING PLATFORM

DID YOU KNOW?

This scale was designed by one of Europe's leading design houses.

HD 351 BT HIGH CAPACITY ELECTRONIC SCALE WITH BLUETOOTH® **NEW**

SPECIFICATIONS:

- Weight Capacity – 200kg / 31st 2lb
- Shows current and previous weight for up to 4 users
- Display – 42mm LCD
- Battery – Included
- Guarantee – 3 years

- INTEGRATED BLUETOOTH®
Allowing instant transferral of weight measurement to computer
- HIGH WEIGHT CAPACITY 200KG

PRECISION BATHROOM SCALES

HD 357 ULTRASLIM ELECTRONIC SCALE WITH CARRY HANDLE **NEW**

SPECIFICATIONS:

- Weight Capacity – 150kg / 23st 8lb
- Display – 31mm LCD
- Tap on activation
- Lithium battery – Included
- Guarantee – 3 years

- ULTRASLIM TECHNOLOGY
– only 16mm high
- CARRY HANDLE FOR EASY STORAGE

ALSO AVAILABLE IN SILVER AND GOLD

HD 366 HIGH CAPACITY GLASS DIGITAL BATHROOM SCALE **NEW**

SPECIFICATIONS:

- Weight Capacity – 200kg / 31st 6lb
- Black Glass
- Step on activation
- Battery – Included
- Guarantee – 3 years

- 50MM SUPER SIZE, BLUE BACK LIT LCD
- EXTRA LARGE WEIGHING PLATFORM
- HIGH WEIGHT CAPACITY 200KG

HD 358 HIGH CAPACITY GLOSSY ELECTRONIC SCALE WITH BLUE BACKLIGHT

SPECIFICATIONS:

- Weight Capacity – 180kg / 28st 8lb
- Display – 25 mm LCD with blue backlight
- Tap on activation
- Lithium battery – Included
- Guarantee – 3 Years

- EASY TO READ BACKLIT DISPLAY
- HIGH WEIGHT CAPACITY 180KG

DID YOU KNOW?

Tanita's precision weighing mechanism is accurate to 100 grams!

HD 361 HIGH CAPACITY GLASS ELECTRONIC SCALE WITH BLUE BACKLIGHT

SPECIFICATIONS:

- Weight Capacity – 180kg / 28st 8lb
- Display – 27 mm LCD with blue backlight
- Tap on activation
- Lithium battery – Included
- Guarantee – 3 Years

- EASY TO READ BACKLIT DISPLAY
- HIGH WEIGHT CAPACITY 180KG

HD 365 HIGH CAPACITY STAINLESS STEEL ELECTRONIC SCALE

SPECIFICATIONS:

- Weight Capacity – 180kg / 28st 8lb
- Display – 27 mm LCD
- Brushed Stainless Steel
- Ultra Slim
- Tap on activation
- Lithium battery – Included
- Guarantee – 3 Years

- ULTRA SLIM DESIGN
- HIGH WEIGHT CAPACITY 180KG

PD 724 3 AXES PEDOMETER WITH PERSONAL ALARM AND MEMORY FUNCTION

SPECIFICATIONS:

- Personal alarm
- 7 Day memory
- Step and calorie counter
- Distance travelled
- Walking time
- Clock
- Lithium battery included
- Stylish neck chain included
- 2 year guarantee

3 AXES TECHNOLOGY

Allows the pedometer to be placed in a pocket, handbag or worn with a neck chain

THIS 3 AXES PEDOMETER IS ALSO AVAILABLE IN A NUMBER OF FASHION COLOURS

PD 725 3 AXES PEDOMETER WITH BLUE BACKLIT DISPLAY AND MEMORY FUNCTION

SPECIFICATIONS:

- Easy to read blue backlit display
- 7 Day memory
- Step and calorie counter
- Distance
- Walking time
- Clock
- Lithium battery included
- Stylish neck chain included
- 2 year guarantee

3 AXES TECHNOLOGY
Allows the pedometer to be placed in a pocket, handbag or worn with a neck chain

THIS 3 AXES PEDOMETER IS ALSO AVAILABLE IN A NUMBER OF FASHION DESIGNS*

PD 726 ZT1

PD 726 ZT2

PD 726 ZT3

PD 726 ZT4

PD 726 ZT5

* These pedometers do not have a backlit LCD

PD 637 CALORIE COUNTING PEDOMETER

SPECIFICATIONS:

- Step and calorie counter
- Distance
- Walking time
- Pacer: 50 – 200 beats per minute
- Stopwatch and clock function
- Batteries included
- 2 year guarantee

MODERN DESIGN

PD 727 3 AXES PEDOMETER WITH EXTRA LARGE LCD **NEW**

SPECIFICATIONS:

- Personal alarm
- 7 Day memory
- Step and calorie counter
- Distance travelled
- Walking time
- Clock
- Lithium battery included
- Stylish neck chain included
- 2 year guarantee

3 AXES TECHNOLOGY

Allows the pedometer to be placed in a pocket, handbag or worn with a neck chain

CJ 688 CALORIE COUNTING JUMP ROPE

SPECIFICATIONS:

- Counts the number of jumps performed
- Calculates the number of calories used in each session
- Forwards, backwards or criss-cross
- Strong, plastic, twist-free cord
- Lightweight and easy to turn
- Rope length can be adjusted according to height up to 2.9 metres
- Batteries included
- 2 year guarantee

TWIST FREE, LIGHTWEIGHT CORD

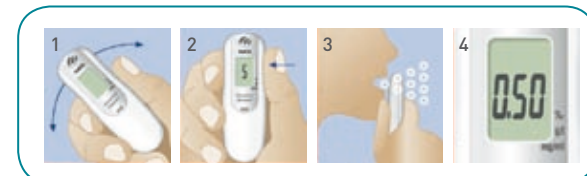

HC 207 POCKET ALCOHOL SENSOR

SPECIFICATIONS:

- Using hi-tech semi conductor gas sensor measures blood alcohol concentration (mg/100ml)
- Shows alcohol level in 0.1-1.0 levels
- Convenient to use
- Shows results clearly on LCD
- Batteries - Included
- 2 year guarantee

FITS DISCRETELY INTO A POCKET OR PURSE

KD 407 COMPACT KITCHEN SCALE

SPECIFICATIONS:

- Capacity - 3kg / 7lb
- 21mm Transparent LCD Display
- Tare function
- Lithium battery included
- 3 year guarantee

SOLID STAINLESS STEEL PLATFORM

KD 400 SV FOLDAWAY KITCHEN SCALE

SPECIFICATIONS:

- Capacity - 5kg / 11lb
- Foldaway display for easy storage
- Stylish stain resistant steel platform
- Tare function
- Lithium battery included
- 3 year guarantee

SOLID STAINLESS STEEL PLATFORM

KD 404 SV ULTRA SLIM GLASS KITCHEN SCALE

SPECIFICATIONS:

- Capacity – 3kg / 7lb
- Hygienic glass surface
- 15 mm easy-to-read display
- Tare function
- Lithium battery included
- 3 year guarantee

SPACE SAVING DESIGN

KD 404 BLACK ULTRA SLIM GLASS KITCHEN SCALE

SPECIFICATIONS:

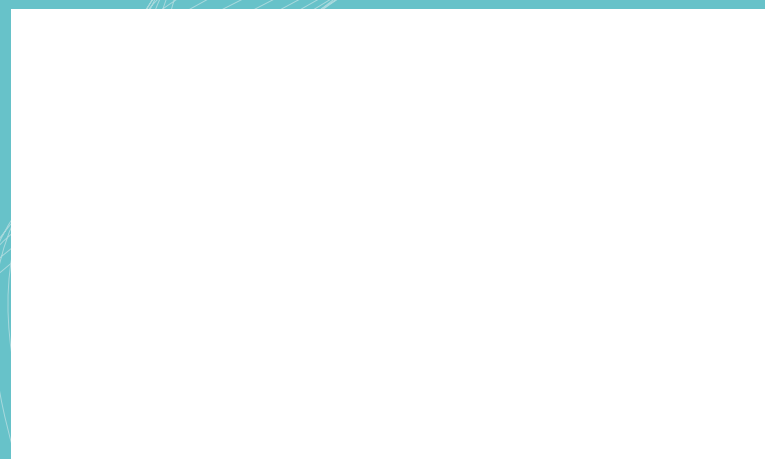

- Capacity – 3kg / 7lb
- Hygienic glass surface
- 15 mm easy-to-read display
- Tare function
- Lithium battery included
- 3 year guarantee

SPACE SAVING DESIGN
