## Adam Paluszyński - Camp Director

We asked Adam to direct International Summer Camp because of his strong organization skills and international experience. He managed extended day programs at Jinji Tennis Academy in Tokyo and coached tennis in many universities in USA, such as Northwestern Illinois University. We are truly excited that he will use his knowledge and skills to head our new International Summer Camp program!

### STAFF:

Our staff will be carefully chosen with your children in mind. We will have experienced staff that children are familiar with. We are in the process of hiring staff with enthusiasm and knack for planning fun activities!

### FOOD:

Kids will be provided with 4 meals: breakfast, lunch and two snacks. The menu will include a variety of delicious selections and parents will be able to review the menu at the start of each week to request changes based on allergies or preferences of their children.
